4. Cover - Clauses 21.2.1 and 6.5.1 (as appropriate) are contained within the JCT Standard Forms of Building Contract. They require a policy in the joint names of the Employer and Contractor to be arranged to protect the Employer in respect of their legal liability for damage to adjacent or surrounding property, other than for damage caused by the negligence of the Contractor or sub-contractors.

The insurance is purchased by the Contractor on behalf of the Employer to provide protection against the Employer's liability for loss, claims or proceedings that arise due to non-negligent damage to property (other than the contract works themselves) whilst undertaking a building contract due to collapse, subsidence, heave, vibration, weakening or removal of support or lowering of ground water.

The maximum payable in respect of any one claim is the amount chosen by you (which should be no less than the amount specified for 21.2.1/6.5.1 insurance in the contract) and shown as the 'Limit of Indemnity' in the policy schedule. Unless otherwise stated, costs incurred in the defence or investigation of the claim will be paid in addition to this figure.
